Please choose a first and second choice workshop...you will attend one session only.

The art session is being offered in Spanish only.

1. Art: Expression Individual de Arte...Reflexionar sobre su propia experiencias y sentimientos sobre la arte. Aprender como los ninos espresan usando Arte. Aprenda como incorporar actividades artisticas en el curriculo.
Carmen Davis.....Program Specialist...Camden City Schools
 2. Using STEM in the Pre-School Block Center and beyond...(This workshop was Presented 2 years ago...back by popular demand as an encore....do not retake) In this hands-on workshop, we will begin with blocks, expand to ramps and other manipulatives . There are many books in the areas of science, technology, engineering and math that we will tie in, too. Be ready to share your ideas and your blocks...come ready to play!
Jason Verdone/ EIRC Learning Resource Center
 3. Ask the Pre-School Nurse.....Enjoy an interactive and informative session focusing on the unique healthcare needs of pre-school students with Robin Cogan. She is a Camden City School Nurse and Faculty at Rutgers Camden School Nurse Certificate Program. The aim of this session is to review the explosive growth and development of our 3 and 4 year old students and take a close look at preschool health services and issues that arise. Please feel free to send questions that you wish to be addressed.
Robin Cogan....Med, RN, NJCSN...Johnson and Johnson School Health Leadership Fellow
 4. Classroom Management- Rules, Routines and Schedules Early Childhood classrooms are wonderful places for children to learn the social skills necessary for entry into kindergarten and later school success. Research indicates that the structure of the classroom environment, paired with planned instruction, supports the development of social emotional skills as well as prevents behavioral issues.
Alexandria Sked/ Technical Assistance Specialist/ The Women's Center/ Hammonton, NJ
