## **Over 2,000 New Jersey Child Care Providers to Receive Free Access to Resources that Support Quality Child Care**

*Launching in the summer of 2015, NJ Shared Resources will save time, reduce costs, and improve quality for childcare centers and home-based providers.*

**Manchester, NH** – The New Jersey Association for the Education of Young Children (NJAEYC), and CCA For Social Good, a division of CCA Global Partners, are excited to announce they have entered into an agreement to develop an Early Childhood Education (ECE) Shared Resources online platform, to support the work of early child care and education professionals in New Jersey.

“Over 1,200 tools available on NJ Shared Resources will support child care directors in functions such as program administration, marketing, human resources, training, group purchasing, and more,” stated Denise Sayer, Vice President of CCA For Social Good. “The significant time and money savings realized by using the platform will mean less time tied up in handling paperwork, and more time available to spend in the classroom.”

“NJAEYC is committed to supporting high quality early education in New Jersey,” added Amanda Di Scala, President of NJAEYC. “The ECE-specific templates, forms, policies, and how to guides available on NJ Shared Resources will be a tremendous asset to our members, and will prove to ensure quality care for children in our state.”

The site, [www.NJSharedResources.org](http://www.NJSharedResources.org), will mark the twenty-second ECE Shared Resources platform that CCA For Social Good will have launched by the end of summer 2015. The website will be made free to members of the NJAEYC.

### **About CCA For Social Good**

CCA For Social Good is an operating division of CCA Global Partners, a privately held cooperative helping small businesses thrive for 30 years. CCA For Social Good provides web-based platforms to help thousands of nonprofit organizations and early childhood education (ECE) centers manage their businesses. The platforms (integrated password-protected websites) deliver a set of powerful tools and

shared resources resulting in more efficient and successful operations. CCA For Social Good puts time and money back in the hands of directors and managers of ECE programs, allowing them to focus where it matters most: on their missions. To view a sample platform, please visit [www.ecesharedresources.com](http://www.ecesharedresources.com).

### **About the New Jersey Association for the Education of Young Children**

The New Jersey Association for the Education of Young Children (NJAEYC) is dedicated to advancing excellence in the field of early childhood education.

Our primary attention is devoted to assuring the provision of high quality early childhood programs through improvements in the professional practice and working conditions in the field of early childhood education, as well as by improving public understanding and support and funding of high quality programs in centers, homes, and schools. The NJAEYC is a statewide association that represents teachers, directors, researchers, professors, volunteers, and others concerned with the well-being of children ages birth through eight.
